Butter Drops in Price—Egg Prices Remain Strong.

Boston, March 26.—Local dropping prices on butter have been dropping 1 cent a pound on everything but renovated.

This action was taken following reports of a drop of 2½ cents a pound in the New York market and of 2 cents a pound in the Chicago. Jobbers say that the only reason local prices did not go down 2 cents is that Boston supply of available butter is unusually small. In dairy circles, however, it is generally believed that the market has started on another slump that should carry prices to or below the low level of the first slump.

The local cheese market is barely steady and indications are prices will be lower before the end of the week.

Egg prices are strong. Local interests will begin to store eggs either this or next week.

Following are local jobbing prices on butter, cheese and eggs:

Tired, Overworked Mothers What You Need is Vinol

War conditions have made the demand upon a mother's time and energy unlimited. In their zeal to do all in their power for their loved ones, they continually overwork and are soon in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, will build you up and make you strong.

HERE IS PROOF

Whitman, Mass. "I suffered from a nervous, run-down condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little.

Cleveland, Ohio. "I keep house for my husband and myself and got into a weak, run-down condition, no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

IS YOUR BLOOD STARVING FOR WANT OF IRON?

Iron Is Red Blood Food—It Helps to Put Strength and Energy into the Veins of Men and Women. Why Nuxated Iron so Quickly Builds Up Weak, Nervous, Run-down People.

Thousands of men and women are impatiently waiting for the day when they can open their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starved through lack of iron. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable.

Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Contrary to general opinion, lack of iron in the blood does not necessarily mean you do not have enough blood, but it means your blood is not of the right kind. To help make strong, lively, red-blooded people there is nothing better than organic iron—Nuxated Iron. Unlike the other iron products it is easily assimilated, does not injure the system, make them black nor upset the stomach. No matter what other tonic or iron remedies you have used without success, if you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without be-

coming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have increased their strength and endurance in two weeks' time while taking iron in the proper form. Nuxated Iron is now being used by the medical profession annually, and the manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.
